Quality Policy

The challenges that Mundifios faces in a global, unstable and changing market are stimulating, challenging and demanding. In this perspective, the Mundifios Management, assumes the following main intentions:

- To value people, recognizing that their implication, knowledge and competence are a critical factor for the sustainability of the company;
- To stimulate change, creativity, innovation and the ability to anticipate new customer requirements, recognizing that these are a key asset to the continued success of the organization;
- To assume an orientation of leadership continuity in the national market and to reinforce the European market as one of the main players;
- To contribute to the reduce of carbon footprint and to reinforce the circular economy;
- To ensure the implementation of the legislation and the regulations, assuming itself as an example of a socially responsible company;
- To value the adhesion of workers to the Mundifios brand and to recognizing it as a leading company, excellent and happy.
